## About Us

The staff & volunteers of Wye Marsh are a team of enthusiastic Naturalists who are excited to share their knowledge and appreciation for the natural world, environmental stewardship, and the many benefits associated with participating in physical activities out-of-doors.

Wye Marsh and its interpretive centre sits on a 1200 hectare (3000 acre) wildlife area situated in an environmentally endowed location in southern Georgian Bay. The Friends of Wye Marsh, a non-profit organization, has stewardship responsibilities for this property and whose mission it is *to foster environmental stewardship*.

What makes us UNIQUE:

- ❖ Our programming provides participants with opportunities to interact with, develop caring and concern for, and take action in the places where students live, study, and play.
- ❖ Our Outdoor Educators (Naturalists) provide connections between us and our surroundings, allowing participants to directly observe impacts and issues by exposing them to the many points of view that must be considered in making choices to preserve the health of the natural environment.
- ❖ We believe that learning while having fun encourages immediate and long term involvement in environmental stewardship.
- ❖ Our unique setting - National & Provincial Wildlife Area, Class I wetland, Trumpeter swans (Provincially rare bird), species at risk, productive & biodiverse ecosystem - provides endless opportunities to make unique connections.
- ❖ Facilities and trails are accessible to all physical levels.

## How to use this GUIDE:

A successful and enjoyable trip comes from planning and preparation. This guide is designed to outline the planning process and to provide you with the necessary tools that will ensure your trip to Wye Marsh is the highlight of your year!

### Step 1. Choose program(s)

- Each program is one or two hours in length. Programs can be combined to make up a half or full day. Program times can be flexible in order to accommodate travel arrangements.
- Please ensure that you choose one alternative program as well as two alternative dates in the event that your first choice is unavailable.

### Step 2. Submit request

- Visit <https://www.wyemarsh.com/groups-and-tours> to fill out a Day Trip Booking Request Form
- Please note that a Booking Request does not imply a booking/reservation.

### Step 3. What to expect

- A Booking Confirmation will be sent via email within two business days of receiving your booking request. Please share its details with all participating leaders/supervisors.
- \$50 deposit is due upon booking, with the balance owing due upon arrival by Visa, MC, PayPal, money order, cheque, debit or cash and is based upon confirmed number of participants.
- Our programs run rain or shine. Cancellations can be made up to two weeks in advance of your visit but are subject to a \$50 administration fee. Groups who cancel after the deadline will be charged our minimum booking fee (based upon 20 participants)

### Step 4. Contact us

- Contact our Program Manager at 705-526-7809 or [programs@wyemarsh.com](mailto:programs@wyemarsh.com) with any questions/concerns.

# Biodiversity

## Natural Sciences

### Animal Tracking

Abundant in numbers, but very rarely seen, Wye Marsh's inhabitants have left stories of their travels behind. Designed to kindle awareness and understanding of Ontario's native animals, this program focuses on identifying animal tracks and scats. You'll also focus on animal adaptations and behaviour through their tracks. Advanced animals Tracking is available for the experienced.

### Birds of Prey Demo\*

This exciting program will give participants the opportunity to be brought face-to-face with the grace, majesty, power and intelligence of birds of prey. Participants will learn all about the different types of birds of prey, their habitats, adaptations, and life histories, all the while being delighted by these magnificent animals in flight. \*\*Specialty program—additional charge applies (see booking information on page 16).

### Look, See, Paint

More than just an introduction to watercolour painting, *Look, See, Paint* brings a new way to view, appreciate and reconnect with our natural world. Equipped with a portable painting kit, watercolour paper and a view finder, participants will explore the natural beauty of the marsh from an artistic perspective.

### Marsh Mingle

Educational, active and fun, this program is sure to get its participants actively engaged in with each other in nature. They will play a variety of nature based activities.

### Pond Study

With dip nets in hand, students will learn about the many amazing adaptations the aquatic insects of the marsh possess, as well as what these insects can tell us about the water quality of the marsh. Students will also learn about the interconnectedness of all of the marsh inhabitants as they simulate an aquatic food web, and explore the surrounding habitat by foot.

# Investigation

## Ultimate Survival

This exhilarating simulation game demonstrates the interactions between predator and prey species, as well as the encompassing ecosystem. Taking on the role of carnivores, omnivores, and herbivores, participants will be challenged to obtain their specific survival needs as they navigate through a forested environment, all the while evading predator species bent on stealing their lives.

## Wet 'N' Scaly Demo\*

This exciting program provides participants with the opportunity to get up close and personal with some of Ontario's native reptile species. Participants will learn plenty of fun facts and identification tips, as well as discover the importance of environmental stewardship and the role that they can play in helping Ontario's Species at Risk.

\*Specialty programs—additional charge applies (see booking information on page 16).

# Physical

## Outdoor Recreation

### Snowshoeing

What better way to combine physical activity with the pursuit of nature? With traditional-style snowshoes strapped to their feet, participants will head out into the snow-covered landscape to discover the many wonders that winter has to offer. Participants will also play a variety of games and activities designed to help develop balance and coordination skills. \*\*Specialty program—additional charge applies (see booking information on page 13).

### Compass Orienteering

Equipped with nothing more than a magnetic compass and the know-how to use it, participants will trek through the wilderness in search of hidden orienteering markers. Teamwork, leadership, problem solving skills, and accuracy will all come into play as participants navigate our challenging orienteering course in an attempt to piece together an inspirational quote.

### Marsh Exploration by Canoe\*

There is no better way to explore the Wye Marsh ecosystem than seated among friends in one of our large voyageur-style canoes. After a brief lesson on paddling technique and canoe safety, participants will paddle past blooming water lilies, basking turtles, and a beaver lodge, as jewel-winged damselflies and Red-winged Blackbirds fly overhead. Participants will also explore the marsh on foot as they visit the Swan Treatment Center, walk the boardwalk, and climb the observation tower. \*\*Specialty program—additional charge applies (see booking information on page 16).

### Marsh Exploration by Kayak\*

Whether paddling solo or with a partner, kayaking provides a very intimate and tranquil approach to exploring the marsh ecosystem. After a brief lesson on paddling technique and kayak safety, participants will paddle past blooming water lilies, basking turtles, and Red-winged Blackbirds fly overhead. \*\*Specialty program—additional charge applies (see booking information on page 16).

# Activity

## Team Building

**Allow us to put the participants' teamwork skills to the test as we facilitate a series of nature-**based team challenges, each one more demanding than the last. Leadership, trust, cooperation, communication and problem solving will all come into play as the participants strive for cooperative success.

## Wilderness Survival

Participants will learn the 9 principals of survival and take part in a survival scenario where they will have to build a shelter, and start a fire with limited items.

# Tangible

## Cultural History

### Bannock Roasting\*

**Bannock has been a staple food of wilderness explorers for centuries. Portable, nutritious, tasty and easy to make, bannock's** legendary reputation continues as one of the best wilderness survival foods out there, not to mention a fun and engaging mid-day snack. After roasting their bannock to perfection over an open fire, participants will exercise their minds and bodies as they play a variety of outdoor games and activities. \*Specialty program—additional charges apply

### Sweetwater Harvest

A truly Canadian experience, this seasonally limited program gives participants a firsthand look at maple syrup collection and production throughout the ages. Participants will have an opportunity to visit an active modern day sugar shack, bake bannock over an open fire, and listen to a First Nations legend of how maple syrup came to be, as well as engage their taste buds with a sweet and sugary drop of pure Canadian maple syrup.

# Connections

Come and enjoy the best of what Wye Marsh has to offer! Designed to showcase our favourite activities, critters and special spots, these programs are perfectly suited for larger groups and are adapted to please participants of all ages!
