

# ADOPT A SWAN

*Escape... Explore... Experience...*

Not long ago the Wye Valley was silent.  
The Trumpeter Swan had not been seen in this area for over 200 years.

NOW the Valley resonates with the triumphant call of this majestic species.

The future of this provincially rare species is **IN YOUR HANDS**.  
Please adopt or donate today. Your gift will assist us in monitoring the swan population so that we can ensure this species' numbers continue to increase.

## INDIVIDUAL ADOPTION

**\$ 150**

A great gift or a treat for you! As part of your adoption you will:

- Name your swan
- Receive a framed photo of your swan
- Receive a certificate of adoption

### DID YOU KNOW?

As a species brought back from the brink of extinction, the Trumpeter Swan must learn behavior that would have typically been "wired" into their systems.

One such behavior is migration. Originally Trumpeter Swans would have flown south to open water in the southern United States during the winter. However, today's population must "learn" how and where to migrate . . . Not an easy task. As a result many of the swans overwinter at Wye Marsh. Good thing they have over 33,000 feathers to keep them warm. The volunteers at Wye Marsh also ensure that they are fed during the winter months.

## COUPLES ADOPTION

**\$ 300**

Great gift for couples, weddings, anniversaries, or other special occasions!

As part of this adoption package you will:

- Name your pair of swans
- Receive a framed photo of your swan pair
- Receive a certificate of adoption
- Receive 2 free passes to the Wye Marsh

## ANNUAL GIFT OPTION

For as little as \$25 per month you can provide food for the Trumpeter Swans as they over winter at the Wye Marsh. One hundred percent of this gift goes to food, thanks to our dedicated team of volunteers who monitor and feed the swans throughout the year.

For more details on how to adopt go to:
