Spend 40 hours with our Master Falconer and learn the basic of the amazing sport of Falconry. During a week long or a 2 – weekend course you will learn in detail; bird identification and behaviour, bird health care, housing, equipment needs including perches, aviaries, lures and leatherwork, diet requirements, handling a bird on the fist and in the field, and flight training.

After the course, once MNR requirements have been met, you are eligible to apply for your apprentice falconer license. Matt can sponsor you for the required 15 month/two October period and will continue to instruct you in the art of falconry long beyond the apprenticeship period if you so wish.

There is a maximum of 4 participants in every course to ensure exceptional quality and individual attention. Call Wye Marsh to reserve your spot. These courses run monthly on the 3rd and 4th weekends of the month.

**This course covers all requirements to obtain
Ontario apprentice Falconry license
